ONE DAY YOU MIGHT BE ASKED HOW TO GET SOMEWHERE...

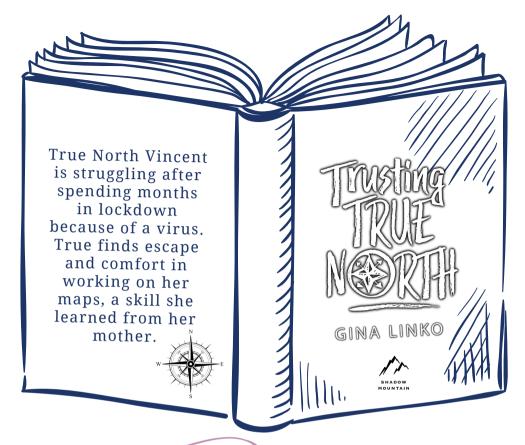

Creating a mud map is a great way to give directions. The purpose of a mud map is to roughly and quickly sketch the directions and key features of a landscape. Mud maps are made up of lines, symbols and some words.

DRAW A MUD MAP THAT SHOWS HOW TO GET FROM SCHOOL TO HOME:

Trusting TRUE N®RTH

I live in a south suburb of Chicago with my husband, three teenage children, and one ornery cat. By day, I edit college textbooks. At night, I write to figure things out. I question what is possible, what is real, and what it is that truly matters!
